# *Goldfish Gazette*

## *Division 04 East*

# LTG's Note

Hey Goldfish! Although the end of the term has been rough, I would like to thank every single one of you for striving to attend every single meeting and event. Our division is able to stay strong and connected all because of YOUR efforts. Although the news of Covid-19 has brought upon several issues, I know that we will continue to stay strong in our efforts to help the community and build upon our already amazing division. Remember, there are tons of ways to help your home, school, and community, even without Key Club. If you ever need anything, your Lieutenant Governor and your friends will always have your back. Never forget that, and continue swimming into service!

On another note, let's hope and pray that Covid-19 disappears as quickly as it came, so that we can resume our plans for the new term. I hope you aren't missing Key Club too much, because I know for a fact that I'm missing all of you. The next term is almost beginning, so prepare for a long and fun-filled adventure with new friends and faces.

Thank you for allowing me to serve as your next Lieutenant Governor. I hope you have faith in me! I look forward to our journey and all the things that we will do together!

Swimming into Service,  
Vincent Vu

# Club Recaps

Canyon High School  
(Amber Dang)

On February 15th, members went to the Coastkeeper Gardens. This area is a nature area with many different gardens full of different plants.

We grabbed some burlap sacks and headed to an area of the gardens where there were many dead leaves were lying from the past few windy days. We spent our time there picking up all the dead leaves and debris to make the gardens look neater and nicer to the eye.

The gardens were incredibly nice and really enjoyable to explore while we helped to clean up the place.

# DCM Recaps

## February DCM:

In terms of Division Events, how could we ever forget about the February DCM?

Co-hosted by Foothill and Villa Park High School, students participated in a Movie Night! The movie was *Crazy Rich Asians* and fit the theme of Love.

Over 90 members attended the event, which is record breaking for our division. We hope to see more Key Clubbers attending our DCMs as it was truly a fun night for everybody. It was an event that Vincent Vu, the Lieutenant Governor Elect had the opportunity to run!

# Announcements

For the upcoming months, there are not many events planned due to the Covid-19. If you're an officer, make sure to contact your respective presidents and briefly introduce yourself to the Lieutenant Governor Elect! You'll be working with him soon, so get to know him a little before the term begins.

Bored? Stay connected to updates on the Division Instagram! We have several different posts about the previous month and the upcoming updates regarding procedures for Covid-19.

Don't let the Corona-Break stop you from continuing to serve your home, school, and communities! Go write a thank-you letter to your teacher or advisor. Help clean the dishes, as any small favor goes a long way, and as Key Clubbers, let's never forget the impact of every small action that we do.

Look forward to updates on International Convention (ICON) and other District/International events that may appear in the future. However, please stay safe during this outbreak. Your safety and health are our greatest priority!
